**NO CAUSE FOR WORRY.**

I never borrow trouble.  
Nor harbor discontent;  
Although it often happens  
That I haven't got a cent.

I never care for science;  
Or letters, or for art.

Let others chafe and worry  
Over their money or property;  
As far as I can see.

I think not for tomorrow;  
For the end is surely here.  
To enjoy myself today.

My father works and worries,  
And his pipe is something fine,  
So I am having easy.

Some day 'will all be mine.

WE'RE FOR AMERICA@AMERICANS!

"I AM A Democrat, as you know," says Senator HILL, but in fact you don't know what a man is nowadays when he says he is a Democrat.

A PORTRAIT of President CLEVELAND, which hung in the rooms of the Cook County Democratic Club at Chicago, has been cut to pieces. Whenever bad little boys can't wallop their playmates they generally revenge themselves on poor, defenseless toys. So-called Democrats have of late become quite famous for practicing the baby act.

INVESTIGATION of the work of the Kentucky tollgate raiders shows that 1,500 miles of turnpike has been thrown open by the raiders and is now traveled free of toll. The amount of damages for which the counties are liable in consequence of this lawlessness has not been estimated. Free pikes are nice things to have, but they come high when these needless costs of litigation are added.

EX-SENATOR JOHN J. INGALLS takes a rather gloomy view of the situation in Kansas. He believes that the leaders of the Populist party, which has captured

Reaping the Whirlwind. the state, contemplate a war of spoliation against society, based upon

practical confiscation and a distribution of the assets of the community. It includes war on railroads and other corporations, the abolition of laws for the protection of creditors and a redistribution of the state for Congressional and legislative purposes that will retain the party in the possession of power for an indefinite period.

This is a black picture. Let us see who is responsible for it, says The St. Louis Globe-Democrat. A silver bullion deposit bill, with a conditional Free-silver clause, was, in 1890, changed in the Senate into an absolute and unconditional Free-silver bill, and passed in that shape in that body by a large majority. This free coinage substitute was the measure which forced the Sound Money Republicans to bring forward the compromise known as the Sherman Law, an act which, taken in connection with the dread of sweeping Tariff changes, caused by the Democratic victory in 1892, precipitated the panic of 1893. Both of the Kansas Senators, one of whom was JOHN J. INGALLS, voted for the Free-silver substitute, and one of them was the author of it.

Right here, and in the earlier vote in Congress on the silver issue, Mr. INGALLS and other Kansas Republican leaders were sowing the wind which produced the whirlwind of 1892 and 1893. Not all the Republican leaders of that state were afflicted with the silver distemper, but enough of them were under its sway from the beginning to give a powerful cheap money tinge to the politics of that state.

Environment, of course,—proximity to the silver mining region—was the influence which sent Kansas over to the silver side, yet that state did not produce an ounce of silver. Her Republican leaders should have known that her attitude on that issue seriously injured

### Our Great Introductory Offer

To secure widespread and favorable publicity for THE NEW STANDARD AMERICAN ENCYCLOPEDIA, we have decided to place a few introductory sets in each community throughout the country for comparison with all other reference works as to plan, scope, latitude of treatment and general practical and educational value. We feel that every set will create a demand for others. While the distribution will be general in extent, it will last a limited time, after which each regular subscriber will begin, at prices ranging from \$4.50 to \$7.50 a set, according to the style of binding. No honor is to be paid and strength given to the work, and the price merely nominal (about the cost of paper and printing), the distributor being limited to a very few weeks, reserving the privilege of withdrawing the offer at any time when we consider a sufficient number of these introductory sets, at the special price, have been distributed.

Send \$1 to THE ENCYCLOPEDIA PUBLISHING CO., 156 Fifth Avenue, New York City, and a full set of eleven volumes will be sent to you at once. The balance is payable at the rate of \$1.50 monthly for one year or about \$15.00 a month. We will be responsible for the half-Morocco binding. The monthly binding will be \$2, and for full sheep, \$2.50 per month for the year.

We recommend the half-Morocco style, which is particularly elegant and serviceable, and will last a lifetime. If not so represented any set may be returned within ten days and money will be promptly refunded.

Our offer is now open to all who are interested in the new Standard American Encyclopedia. We will be pleased to supply any set to any person who sends \$1. We also accept applications for sets to be paid by the purchaser.

## GEN. MACEO

Making Successful Operations Against Weyler's Forces.

He Turned the Captain General's Left Flank on December 1.

Capturing More Than 12,000 Standards of Arms and an Immense Quantity of Ammunition, Medicines and Supplies—Francisco Gomez Safe.

DALLAS, Tex., Dec. 11.—The head of the Texas Cuban committee, Col. J. T. Trenzado, received dispatches from Key West making absolute denial of the Spanish report from Havana of the alleged killing of Gen. Antonio Maceo. The dispatches came at 1 o'clock this noon, Tuesday night. Maceo was in Pinar del Rio province, and his army was making successful operations against Weyler's forces; that by the turning of the tide his left flank was turned. Col. Trenzado, at 12:30, captured more than 12,000 standards of arms and an immense quantity of ammunition, medicine and commissary supplies.

The dispatches also stated that within the last three days the Cubans are likely to turn Weyler's other flank and win a decisive victory. Francisco Gomez has not been with Maceo in any of his recent movements, and is in Matanzas province. The head of the local committee said: "We know positively that the most sensational and glorious news for the patriots will come from Cuba on or about December 15. Texas is doing more to help the patriots than any other state in the union, and is favorably located for effective aid. Dallas and Galveston will be in closer confidential relations with Key West than will any point in the east for some time to come."

The Dallas Cuban committee, through O. P. Gates, Thursday night issued a call for a public mass meeting to be held in an auditorium of the city hall at 8 o'clock this evening. Col. J. T. Trenzado, president of the Texas state fair and Dallas exposition, and a confederate officer of prominence, has consented to preside. An effort will be made to have a large representation of ex-confederates and federal soldiers in the meeting. One object of the meeting is to give moral support to Senator Mills in pressing his Cuban resolution in Congress.

Enrique Panis, official head of the Texas State Cuban Junta at Galveston, and other Cubans have been invited to be present.

### NEW TARIFF BILL.

The Ways and Means Committee Will Go to Work at Once to Prepare One.

WASHINGTON, Dec. 11.—The committee on ways and means will go to work at once to prepare a tariff bill. This was the conclusion reached by the republican members of the committee at a conference held Thursday night in the room of Representative Grover, called by Chairman Dimick, at which all the republicans were present, except May. Steele, of Indiana, who was unavoidably detained. The conclusion reached was that the unanimous expression of the members present in the interests of the country will give hearings to all persons who are interested, and they will be conducted by the full committee. The first meeting of the committee will be held at 10 o'clock Saturday morning at which time if all the democratic members are present, the details of the hearings, the time when they shall begin, etc., will be decided upon. In case Judge Dimick is unable to reach a majority member of the minority the committee should not be able to present on Saturday, the meeting of the full committee will be postponed until such time as he can attend.

### Gold Democrats Meet.

INDIANAPOLIS, Ind., Dec. 11.—The executive committee of the national democratic party held its first meeting since election at the Bates house in this city Thursday afternoon, and in the evening enjoyed a little supper with Henry Watterson as host. The meeting opened at 8 o'clock, the afternoon was the auditing of the accounts of the committee and discussing the question of organization during the first year. Ben Freeman was to speak with a balance of in the treasury, not a large one, but sufficient to send out a good deal of literature before the next presidential election comes around.

### National Monetary Conference.

WASHINGTON, Dec. 11.—In accordance with the instructions of the publican committee, Senator Tammey called the following senators as a committee of five to devise legislative action by this session looking to an international monetary conference: Senator Wolcott, chairman; Senator Tammey, of Connecticut; Senator Tammey, of Colorado; Senator Tammey, of Michigan; and Senator Tammey, of Minnesota. A canva has been made among the democratic and republican senators to secure enough votes in the Senate to pass a bill in the interest of international bimetallism.

### Receives for the Cuban Army.

DETROIT, Col., Dec. 11.—Leave of absence has been granted Charles F. Dell and Adelbert W. M. Stewart, of the Colored national guard, who intend to start for Cuba next Sunday with 300 volunteers, all of whom have had military training. They will end in the insurgent army.

## INDEPENDENCE OF CUBA

Two Advocates in the State House—Mr. Cullen and Mr. Gibson—of Washington, D. C., have independence of Cuba and the recognition of the insurgents as a regular organized government in the country. It is to be noted that the actions of Senators Cullen (rep. Ill.) and Calhoun (Dem.) Mr. Cullen has a carefully worded speech prepared to be delivered while Mr. Calhoun contented himself with a brief and simple statement. The subject of immigrations was taken up as abandoned business—motion by Mr. Gibson on the first Monday in January, having been defeated. Various amendments to the ten of bills were offered, but none of them were taken. Adjourned till Monday.

HORNELL, N. Y., Dec. 11.—The head of the Atlantic Pacific railroad, Mr. George F. Weston, has received dispatches from Key West making absolute denial of the Spanish report from Havana of the alleged killing of Gen. Antonio Maceo. The dispatches came at 1 o'clock this noon, Tuesday night. Maceo was in Pinar del Rio province, and his army was making successful operations against Weyler's forces; that by the turning of the tide his left flank was turned. Col. PAID HER BET.

LITTLE Kentucky Girl Who Wagered a Kiss on Bryan.

A special to The Buffalo Times from Washington gives the following account of how a game little Kentucky girl paid off her bet.

As a result of McKinley's election, the Patent Office was the scene of an unusual episode, in the shape of the prettiest girl in the office kissing the homeliest man. It was the sequel of a freak election bet by the McKinley girls of the office on one side and the Bryan girls on the other. It fell to the lot of Miss Dorothy Marks, a Kentucky blonde, not the best looking among the Bryan supporters, but the belle of the Interior Department, to kiss the ugliest man, and the judges—consisting of two young ladies, one a Bryan maiden, the other a McKinley admirer—decided that she must kiss Mr. Charles H. Hammer as the ugliest clerk in the office. Mr. Hammer is, it is said, a confirmed bachelor.

It happened that Mr. Hammer was off on a furlough, and they had to wait for his return. Yesterday he arrived, and this morning he made his appearance at the office. Miss Marks saw him and, as there was no one looking, she thought that would be the best time to pay her bet, and, rushing up to Mr. Hammer she exclaimed: "Oh, Mr. Hammer, I am so glad to see you."

Mr. Hammer had no intimation of the wager, but he acknowledged the favor graciously, and retired to his desk smiling at his advantage over his much handsomer and younger brothers. He can say what they can't, and that is that he was kissed by the prettiest girl in the Department, if it was on an election bet.

Deafness is Curable.

As they say, as they say, as they say, there is only one cure for deafness, and that is by constitutional remedies.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it has a tendency to become imperfect, and when it is entirely closed, the result is, and unless the inflammation is not removed, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hail's Catarrh Cure.

## How to Prevent Pneumonia.

At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine, it may prove to be that death-dealing pneumonia. We know no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction—*—Olagah (Ind.) Chieft.*
